Dear Teresa,

Once again, I would like to thank the HWCF Grant Program for selecting Coosa Valley Medical Center as one of the first recipients for a grant. Our employees continue to enjoy the carts and even now, a year later I continue to receive positive feedback from our dietary team members on the ability to push and pull the carts without injury.

The new food carts were placed in use on July 24, 2017. I have monitored the use of the carts for the past year for any sustained injuries and at this time we continue to maintain a zero injury rate as it relates to the food carts. Thank you again for helping make this possible, not only for Coosa Valley Medical Center, but also for our team members.

Sincerely,

A handwritten signature in black ink that reads "Edwina Kissic, BSN, RN".
